Farm Lands

FOR SALE IN

Old Virginia

Do you want a Stock Farm, Grain and Grass Farm, Cotton Farm, Tobacco Farm, or Combination Farm?

We have them. Come to see us, and let us show you that there is no better farm land than Mecklenburg County Farm Land. It lies gently rolling, just right for working machinery.

It Produces a Big Yield.

Corn, and we will show you land producing from 10 to 60 bushels of corn to the acre, 20 to 30 bushels of wheat, 3 to 4 tons of hay, 1 to 2 bales of cotton, and specially adapted to bright and dark tobacco.

Why continue to work poor, small, high-priced farms when we are offering for sale such land at from \$7 to \$12 per acre?

You ask why such productive land sells for such a low price. When the civil war broke out Mecklenburg county was one of the finest farming sections in the South. Land was held in large tracts. Slaves were freed. A new order of things set in. The farms were not properly worked, bushes have been allowed to grow, buildings have not been kept in repair; but the land is better. We are now selling these farms, in large and small tracts, at prices that are a good investment—a good investment because the land is steadily increasing in price; because there is no other land as good offered as cheap; because it has been the finest farming section in the South, and will be so again.

Health, climate and water unsurpassed; law-abiding, Christian people; churches, schools, post-offices, mills, railroads, markets, etc., convenient.

Come, let us show you what we are offering in Farm, Stock and Timber Lands.

Livery Will Cost You Nothing to See the Country.

Nice boarding place at \$1.00 per day. Special rates at the Mecklenburg Hotel. Special railroad rates to Chase City.
